

AARP FOUNDATION TAX-AIDE SCOPE MANUAL
WHAT'S IN – WHAT'S OUT

AARP Foundation Tax-Aide helps low and moderate income taxpayers, with special attention to those 60 and older. Volunteers are trained to assist in filing Form 1040 and certain other schedules and forms. Under the Volunteer Protection Act (VPA), AARP Foundation Tax-Aide volunteers must stay within the scope of the program and prepare only returns for which they have been training and certified. Any Counselor who feels they do not have adequate training or knowledge should seek assistance from the LC (Local Coordinator).

The list below covers the forms and schedules that volunteers certified through the Advanced level may be trained to do under the guidelines of the program. Many other forms and schedules that are out of scope for the program are included as reference. When using the list, please note that neither column 3 or 4 stand alone. They must be used together because a description in column 4 may include topics or certification levels which affect whether counselors can or cannot prepare the return under the VPA. The header further defines information in the two columns. Note – if a form or schedule is not listed below, it, by definition, is out of scope since no training has been provided. In addition, if a counselor has not been trained on an in scope tax law topic, that topic is out of scope for that counselor.

For all returns, the taxpayer and reviewer must be properly certified for the respective year, including prior year or amended returns.

☼ Denotes the title of the line, box or form.

F(orm) S(chedule) #	L(ine) B(ox) #	IN SCOPE YES NO Yes* = If extended	Column 3: Yes = The form, line or box is in scope for sites having at least two volunteers certified at the appropriate level.
